1	An additional \$3/player Active.com fee will be added to all registrations for the use of TennisLink.
2	Teams must have the minimum roster requirement registered by this date to be included in the schedule. Teams below the minimum roster will not be scheduled. <b>Note: New Colorado Regulation for 2010 - All team rosters must be comprised of at least 75% of the players playing "in level."</b>
3	Captains and players can view their match schedules beginning on this date. <b>Be advised that the any visible information in TennisLink prior to this date may change. An Adult League Alert! will be sent out when schedules are published.</b>
4	<b>All teams must meet the 75% "in level" roster requirement by this date.</b>
5	The actual length of season is determined by the number of weeks required to complete a single or double round robin depending on the number of teams within each flight. In many instances, flights will finish prior to the date listed as the season end date. The Player Deletion Deadline will fall on the same date as the last scheduled league match of the season for all leagues. No deletions beyond this date will be accepted.
6	All scores not entered by midnight on this date will be input as Double Defaults. Rainouts or otherwise unplayable situations during the last week of matches will not extend this deadline. If an agreement cannot be made between teams to reschedule prior to the score entry deadline, the match will be officially scheduled for 6pm on this date. If one team cannot play at that time, that team will default the match. If both teams cannot play at that time, the match will input as a double default.
<b>Important Dates</b>	Captains, please pay close attention to these dates. Captains of teams in the top 3 as of this date need to confirm their team's intent to compete in the District Championships (should they advance). Scores not input by the deadline will not be accepted until the conclusion of the District Championships. See Colorado League Regulations for more information.

For general questions, please call 303/695-4116 x0
